

# SUSTAINABLE FUTURES RESOURCE FAIR

The 2025 Sustainable Futures Resource Fair aims to bring together local organizations and experts to share information, resources, and actionable steps that inspire patrons to protect their health and the environment.

This fair is focused on health aspects closely tied to environmental factors, such as air quality's impact on respiratory health, sustainable food systems, dietary health, *and more!*

**Route 9 Library and Innovation Center**  
**3022 New Castle Ave, New Castle, DE 19720**  
**March 8, 2025 | 11:00 AM – 2:00 PM**
